

EXPERIENCE

BOX Studios | 2015-present

Project Manager/Designer & Brand Manager

As Project Manager, draft contracts and manage billing, as well as allocate team member responsibilities. Additionally, represent the client's interest in budget development, bid process and value engineering, manage project schedules, and coordinate with multiple external team members.

As Designer, oversee design and documentation of multiple projects simultaneously. This involves directing junior staff in programming and space planning analysis, design development, the City of Chicago permitting process and production of contract documents within the scope of the established budget, schedule and code restrictions.

As Brand Manager, lead development and execution of the Environmental Branding service. This includes advising on fees and contract writing, overseeing design of branding for all design projects in the office, and coordinating with outside vendors on pricing, fabrication and installation of branding components all within the constraints of the budget and schedule.

Columbia College Chicago | 2020-present

Adjunct Professor - Dept. of Interior Architecture

Individually developed and presented content for a CIDA-required undergraduate course designed to advise students on creation of their professional toolkit, including the curation of a digital and print portfolio.

Rhode Island School of Design | 2014

Wintersession Course Instructor - Dept. of Interior Architecture

Independently planned and presented an interdisciplinary studio course on the role of wayfinding in art to freshman through graduate level students, including providing course syllabi, leading discussions and critiques and evaluating student comprehension.

RedBox Workshop | 2009-2013

Design Associate

Developed concepts for design presentations and produced construction documentation including plans, elevations and details.
